

“The Messiah of Jehovah” Code in The Aramaic Peshitta New Testament

Hebrew –English Interlinear

This long version has 88 letters and employs a passive infinitive verb form of “Reeb”(to contend) not used anywhere in Hebrew Scripture:

to be disputed of The God Son
בן האל להתריב

was spoken of by Me bloody a firebrand He proposed a riddle He was lofty He was poor His night of Jehovah The Messiah caused to feel city from one
ננמתי דם אוד חד גא רש יהוה לילו המשיח המש עיר מחד

with it of vapor & isle of vapor a companion of Jehovah from the isle you shall drive of The Stone & bitterness & religion & an index back I shall roam
בה אד ואי אד בנת יה מאי תדף האבן ומר ודת וחו גו ארוד

This shorter version deletes “The Son of God” and has the shorter noun form of “Reeb” (Contention) and has 80 letters:

was spoken of by Me bloody a firebrand He proposed a riddle He was lofty He was poor His night of Jehovah The Messiah caused to feel city of one the contention
ריב מחד עיר המש המשיח יהוה לילו רש גא חד אוד דם ננמתי

with it of vapor & isle of vapor a companion of Jehovah from the region you shall drive of The Stone & bitterness & law & an index the interior I shall roam
ארוד גו וחו ודת ומר האבן תדף מאי יה כנת אד ואי אד בה

[For The Son of God to be contended against], or [A contention] from one city caused The Messiah of Jehovah to feel His night; He was poor, He was lofty; He proposed a riddle: “A firebrand of blood was spoken of by Me. I shall roam the interior , & an index , law & the bitterness of ‘The Stone’ you shall drive out from the region of Jehovah, a companion of the vapor & isle of vapor with it”.

This code, like all the others I have found , seems to be poetic in form, therefore I display it in verse below:

The Night of The Messiah

City from one to be disputed of The God Son
בן האל להתריב מחד עיר

His night of Jehovah The Messiah caused to feel
המש המשיח יהוה לילו

He proposed a riddle He was lofty He was poor
רש גא חד

was spoken of by Me bloody a firebrand
אוד דם ננמתי

of The Stone & bitterness & religion & an index back I shall roam
ארוד גו וחו ודת ומר האבן

of Jehovah from the isle you shall drive
תדף מאי יה

with it of mist & isle of mist a companion
בנת אד ואי אד בה

*For The Son of God to be contended against by one city
 Caused The Messiah of Jehovah to feel His night
 He was poor, He was lofty, He proposed a riddle:
 "A firebrand of blood was spoken of by Me
 I shall roam the interior
 And an index, religion, and the bitterness of 'The Stone'
 You shall drive out from the region of Jehovah,
 A companion of the mist and isle of mist with it".*

The original search term was **הַמְּשִׁיחַ יְהוָה** -“**Ha Meshiach Yahweh**” – “**The Messiah of Yahweh**” or “**The Messiah Yahweh**”. It has a 52% chance of occurrence in The Peshitta at skips +-2- +-100,000 with search wrap on.

This entire code is Hebrew and is found by skipping 70,328 letters at a time 79 times to find the 80 letter code. To complete the search, it cycles through The Peshitta NT twelve times. **If this Codefinder edition of [The Peshitta NT](#) had one letter more or less ,the code would disappear ! The same is true generally for the other four long codes I have found in The Peshitta.** This is the fifth long code I have found in The Peshitta NT and the longest one yet. Two are 61 letters, one is 41, and the Christmas code is 25 letters. There are undoubtedly more where these came from. All of them are about The Messiah, all but one about His suffering and death.

The grammar is fairly straightforward and the message is in riddle form, even explaining itself to be a riddle. I leave it to the reader to decipher the meaning.

The R Factor 85.867 is the Probability Exponent (10^{85} to 1) of the odds this string of letters is there by chance. The exponent of the number of electrons in the universe is 81- (10^{81}).

That gives an idea how great the odds are against this being a coincidence.

I challenge anyone to find such a code in The Greek NT or any other version of The NT.

Son of man, put forth a riddle, and speak a parable unto the house of Israel.
